RAILROAD NEWS.

WRECK ON A ROAD KILLS ONE AND HURTS OTHERS

Caboose on Mexico Northwestern Is Overturned; One Man Killed.

Francisco Franco, a Mexican laborer, was killed outright; Juan Uribe, a Mexican, was severely injured and sustained a broken arm, and Manuel E. Eck, of the local contracting firm of Eck & Meyer, sustained a dislocated jaw and painful chest bruises, when the cab of a work train, en route from Pearson to Nueva Casas Grandes, left the track at 6:30 o'clock Friday afternoon.

The party, composed of civil engineers Bouse and Terry, two Mexicans, Mr. Eck, conductor Wilkins and engineer O'Toole, was returning from Pearson when the cab left the track and tumbled down an embankment of eight feet, the cab turning four times before it finally came to a stop. Francisco Franco was pinned under forward trucks of the cab and death was apparently instantaneous. He was riding on the front platform with Juan Uribe when the accident occurred. The accident is believed to have been due to the light weight of the cab, not having tonnage enough to hold it on the track.

The wires from Nueva Casas Grandes to El Paso were down and it was impossible to communicate with the superintendent's office in Juarez. George Rutledge, superintendent of the El Paso division, did not know of the accident until the train bearing the injured men, the Mexican and conductor Wilkins, arrived in Juarez.

Of the hurt Mr. Eck was probably the most seriously injured. He sustained a dislocated jaw, face bruises and bruises in the chest. He was carried to his home, No. 616 Gladstone street. He stated that he did not suffer much pain from his injuries and had been assured by his physician that he would soon be out again. He was sitting on what is known as the "key box" in the cab when it left the track, as was conductor Wilkins. The conductor escaped without serious injury, but will not immediately return to duty.

Auri Uribe was brought to an El Paso hospital, having sustained a broken arm and other minor injuries. None of the civil engineers were injured beyond being shaken up when they jumped from the top of the cab where they were riding. Nothing left the track but the cab, and the engine crew was not injured. The injured remained at the scene of the accident until 8 o'clock Friday night, awaiting the arrival of the post office, as required by Mexican law.

George Rutledge, superintendent of the division, characterized the reports of the accident as "hot air," but he declined to give a version of it. Mr. Rutledge is the ranking official at El Paso and Juarez.

Mr. Eck's firm has the contract for cement work at Pearson and on the road extension.

MANY BIG CHANGES IN SANTA FE LINE

El Pasoans May Be Promoted As Result of Hurley's Recent Death.

When Chas. W. Kouns, general manager of the western lines of the Santa Fe, succeeds the late J. E. Hurley, as it is reported he will, there will be a number of changes in the Santa Fe line. It is said that the understanding of J. E. Hurley, who was the Rio Grande division, with headquarters at San Marcial, will succeed N. M. Kurn, superintendent of the New Mexico division, and succeed R. J. Parker, general superintendent of the Santa Fe division with headquarters at La Junta, Colo., who will succeed Kouns at Amarillo. It has been indicated that who will succeed Mr. Meyer, but he will probably be a man who has risen from the ranks.

MAN SEEKS DAMAGES FROM T. P. ROAD

John Block Alleges That He and Wife Were Forced To Ride in Smoker.

That he and his wife were insulted, humiliated and forced to leave a Pullman car and ride all night in a smoker, by a Texas & Pacific conductor, are some of the allegations made by John H. Block, in his suit for \$10,000 damages filed in the 24th district court in this county.

Block alleges that while he and his wife were traveling from Tennessee to El Paso on a first-class ticket, and accepted as such until they reached that part of their journey between Fort Worth and Big Springs, a conductor of the T. & P. declared the ticket to be good for second class passage only.

Sickness followed his wife's all night ride in the smoker, declares the plaintiff, and she has suffered much since that time, wherefore he prays damages in the sum named. Jan. 4th.

BREAKING GROUND ON DAM RAILWAY

El Paso Concern Has Already Set Its Men and Teams at the Task.

Dirt was broken Thursday last by the Petrolium construction company, which secured the contract for the rock work and the grading for the Elephant Butte & El Paso railroad. The work was begun on Thursday because the next day was Friday and Mr. Brady, the contractor is an Irishman, and while not at all superstitious, does not believe in undertaking a big contract on Friday.

So, to kibosh the hoodoo, Mr. Brady set a small force of men at work at grading and removing rock Thursday and the next day the work was started in earnest. Mr. Brady has assured the officials of the reclamation service that he is going to smash records with the contract and he has begun the work in record breaking time after securing the contract.

ANOTHER PARK IN RAILROAD YARDS

Work on wrecking the buildings on the Southwestern's property between Wall and Main streets, has begun preliminary to the laying off of a park on the property. The tenants have all moved out and the grounds will be cleared within three weeks.

The plot of parking that has been duplicated of the parking that has been duplicated by the G. H. on its right of way between Stanton street and Mesa avenue. When the park is completed the Southwestern's general office will be in clear view of San Jacinto plaza.

AMARILLO HAS TROUBLE WITH FLOODS; BRIDGES WASH OUT

Amarillo, Texas, Aug. 22.—This city is practically cut off from the world, north and south, by a nine-foot rise in the Canadian river, which has swept all railroad bridges. Trains over the Denver road are detoured through Tucuman and compelled to go 200 miles in order to cover a distance of 70 miles. The Santa Fe, having trouble on both sides of this city and some fear is felt for the bridges on the Rock Island east of here. Unless there is a speedy fall in the volume of water in the Canadian river, the city will be in a predicament to continue for a week, as bridge builders find it almost impossible to accomplish anything in the face of the floods.

CLAIMS THAT ENGINE SPARK SET BUILDINGS AFIRE.

W. E. Fletcher, of El Paso, has filed suit in the 41st district court for \$2000 damages against the El Paso & Northwestern railway. Plaintiff alleges that sparks from a passing engine caused the loss by fire of certain buildings and contents near Fort Bliss.

ABOUT RAILROAD PEOPLE

J. N. Seale has been employed as brakeman at the local yards of the G. H.

Train auditor Baker, of the Southern Pacific between Yuma and El Paso, was in the city Sunday.

A. T. Simpson, traveling freight agent of the B. & O., with headquarters at Dallas, is in the city.

A. E. Swiber, night yardmaster of the G. H., has returned from a vacation of 30 days at New Orleans.

H. J. Simmons, general manager of the Southwestern, returned Sunday from a trip over the western division.

Albert C. Prucha ("Dutch"), connected with the auditor's office of the G. H., at Houston, was in El Paso Sunday en route to California on his vacation.

S. C. Gardner, assistant district superintendent of the Pullman company, returned Monday from a four day trip to Chihuahua and other northern Mexican points.

A. W. Dunbar, manager of the G. H. telegraph office, has obtained a leave of absence for 30 days and will go to Los Angeles. S. Stewart will serve in Mr. Dunbar's absence as manager of the office.

Mr. and Mrs. A. N. Brown, of Chicago, are expected Tuesday. Mr. Brown is general traffic manager of the Southwestern. Roger Brown, their son, is in the city, the guest of Jack Happer, Jr.

Jack Quick, a former dispatcher for the Santa Fe, came up today from Madera, Chihuahua, to see his brother, who is in the service of the road at Madera.

COTTON.

New York Market.
New York, Aug. 22.—The first trades in the contract division of cotton here today were five to ten points higher than final Saturday, but there was apparently little support and the market eased off to fractionally lower levels. The movement to short was heavy for this season of the year, especially from Texas. The receipts from Houston today aggregate 10,324 bales against 6553 a year ago. At Galveston the receipts were 6695, compared with 3901 a year ago. The receipts were heavy at all principal ports. Spots are steady with small changes.

Liverpool Cotton.
Liverpool, Eng., Aug. 22.—Spot cotton rules quiet today, with prices

PRISONER'S LETTER REVEALS EVIDENCE

Police Secure Missive Written to Fred D. Hill Held in City Jail.

When Fred D. Hill, arrested by the police Saturday and held on a charge of swindling, was searched at police headquarters, there was found on his person a letter addressed to him, written by one John Gilbert. The letter was written in German. The police state that it contains evidence which will be used against the young man when the cases go to trial.
Owing to the fact that the investigations of the police department are to be used to catch all possible conspirators, they will not divulge all of the contents of the German letter. It is stated in the letter that the writer has sent to Fred D. Hill a money order for \$42 and referred to a land deal.
The federal government may take a step in the matter and the letter may be used as evidence.
The police would not give the address of John Gilbert, the writer of the letter.
